

# I am completely, uniquely me!

In the Foundation Stage we appreciate the fact that every child is an individual and learns in different ways and at different stages. We have created a pride vine in the unit to celebrate all achievements, big and small. It can be your child dressing themselves, learning a new sport or being brave. The possibilities are endless.

We would like you to get your child to make a hand print at home and write the achievement on each time. They can be painted or drawn in green or autumn colours. They will form the leaves on the tree.

We would also like to display any photocopies of certificates or medals alongside the tree.

Thank you in advance for your ongoing support.

The Foundation Team
